# What is a Listening Session?

## Should I take part?

Listening Sessions are a tool I've used in my ministry many times. The reason is simple: **I want to get to know you on a personal level and I want to hear about your hopes, dreams, and vision for our community here at Pine Ridge.**

Surveys are a valuable tool, but there is something holy about spending time together in conversation and relationship. It is important to me to learn your story so I can be the best pastor I can be for our community.

During our time together at each Listening Session I will ask a range of questions to help me better understand you and how God is already at work in this place, as well as how God is preparing us for what is to come in the months and years ahead. I will spend most of each gathering listening and taking notes, but you are also most welcome to bring questions you might wish to ask me as well!

**Everyone who considers themselves part of the Pine Ridge community should take part in a Listening Session!** These gatherings are not just for “members” or those who consider themselves leaders. Your voice, your story, matters!

I look forward to sharing this time together soon.
