

Where every child wants to be...

Philosophy

Pine Ridge Preschool is a ministry which instills Christian values and provides a quality early childhood educational experience. First and foremost, our goal is to provide an environment where the child feels loved and safe and one that nurtures the total child. Children will be encouraged to learn and grow by providing a foundation of developmentally appropriate experiences where each child can succeed.

Curriculum

The curriculum emphasizes thematic units for each week and focuses on monthly "Fruits of the Spirit." These themes are presented using a variety of teaching methods to meet the learning styles of each child. Children learn through literature and art based activities, creative and dramatic play, and hands-on experiences, allowing individual growth and development of a positive self-image.
